

House Keeping

- Implement the 5S Process:
 - Sort
 - Set in order
 - Shine
 - Standardise
 - Sustain
- Keep your area free of trips – clean up and remove what you don't need
- Never place obstacles in front of emergency equipment or exits
- Keep fire risks low by cleaning up and removing combustible rubbish from site
- Empty waste bins regularly to control vermin and reduce fire risk
- Replace equipment in the correct location when you finish the job

A place for everything and everything in its place!
